

2013 San Joaquin Valley Blueprint Awards Recipient Announcement

In 2006, the eight regional planning agencies in the San Joaquin Valley came together in an unprecedented effort to develop a coordinated valley vision – the San Joaquin Valley Regional Blueprint. This eight county venture was conducted within each county, and in 2009 was integrated to form a preferred vision for future development throughout the Valley to the year 2050.

The Valley’s regional planning agencies created an awards program specifically designed to recognize projects that are “Blueprint friendly”. Nominations were solicited from throughout the San Joaquin Valley for smart growth projects. A judging panel reviewed the nominations and selected several for their efforts to reflect the Blueprint Principles. We are pleased to announce this year’s Blueprint Awards recipients.
